Subject: [External] atlantic pipeline

CAUTION: External email. Do not click links or open attachments unless verified. Send all suspicious email as an attachment to report.spam@nc.gov.

I am so disappointed to hear that approval of the atlantic pipeline is slated for tomorrow. I have supported Gov. Cooper, but I do not support the promotion of fracked gas. It is ruining the areas where the gas is fracked, the pipeline itself is an environmental hazard, and we continue to need to move much more aggressively towards a renewable energy future. Duke Energy's shareholder needs are not as important as getting carbons dioxide emissions under control. I am hoping Gov. Cooper will do the right thing and deny the pipeline permits.
